# **JAFEB Manuscript Revision Report Form**

Journal of Asian Finance, Economics and Business (JAFEB)

Print ISSN: 2288-4637 Online ISSN: 2288-4645

[Important Note: Thank you very much for submitting your research article to *Journal of Asian Finance, Economics and Business* (JAFEB). All new submissions to the journal are assessed in two stages. The first hurdle is an editorial screening where we evaluate whether a paper is likely to get through the peer review process or not. If the Desk Editor finds that the submission is suitable for the aims and scope, standards, and Editorial Board's selection policy of the journal then the Desk Editor invites to revise and structure the manuscript in a consolidated file (one file with authors' information) based on the journal template and resubmit a revised manuscript for further consideration of the Desk Editor. Please be noted that only about 20% of our submissions pass this hurdle. This revision opportunity is your case. The submissions we decide to take forward for the peer review process need to be well structured, well written, firmly anchored in existing academic literature, and complete compliance with the revision request and template. Only after careful consideration by the Desk Editor based on the editorial grounds, the Desk Editor will selectively send the paper out to external peer reviewers. In particular, the following must be addressed and met the requirements and quidelines:

### [Important! Single name author]

There are many cases of a single name from Indonesia and India and others. However, JAFEB articles adopt APA style format in references and citations and also indexing purpose in Web of Science and Scopus etc.

For this purpose, all names must be presented at least two words (if the full name is "Thomson", i.e., T. THOMSON or Thomson THOMSON) so that this format will be indexed as "Thomson, T." in Scopus and Web of Science.

It is such a pity that we have to adopt the APA format inevitably and keep consistency of the name format to promote large readership across international academic community. In conclusion, for publication purpose the two name format will be used.

#### S3. Self-Citation Restriction Policy

The self-citation refers to when an author refers to the previous works written by him/her alone or in co-authorship and cites them. Self-cites are used to compare current results of the research with earlier findings when continuing to study the same subject. It seems that the only reasonable solution for the issues of self-plagiarism, research integrity, and originality is to limit the amount of self-citations. JAFEB Self-Citation Restriction Policy regulates that the in accordance. self-citation level should not exceed 10% for authors and 20% for co-authors together and 15% for JAFEB. Please rewrite and remove any outnumbered selfcitations, if any corrections required in your case.

If the reference checker (software) finds that the author(s) break the rules, then the manuscript will be automatically rejected by the Desk Editor without further review.

#### 1. JAFEB Engagement:

If the literature current, relevant, and broad enough to set the context for the research, you should engage with the style and the discussions published in JAFEB. The work in the journal evolved considerably as you can see on **JAFEB** Archive. To fully contribute to the subject, you will need to engage with JAFEB. To do so: you should include at least 3 - 5 relevant references in JAFEB. Your paper should reflect the cutting edge thinking of relevant literature in

If the manuscript does not include at least THREE citations/references from JAFEB, the manuscript would be stopped/rejected by the Desk Editor without further review.

#### 2. Abstract
