Dear Author(s),

Thank you very much for your interest in submitting your research article to *Journal of Asian Finance, Economics and Business (JAFEB)*.

Editorial Board's Selection and Revision Invitation Policy (Updated on October 2020): Please note that **Editorial Board of the journal will be very selective**, accepting only the articles on the basis of **scholarly merit, research significance, research integrity and complete compliance with the journal style guidelines (APA)**. The JAFEB Editorial Board respects and promotes all authors and contributors on the basis of research ability and experience **without considering race, ethnicity, nationality, citizenship, financial means, or any of narrow frames of reference**. **From October 2020, all new submissions to the journal are assessed in two stages**. The first hurdle is an editorial screening where we evaluate whether a paper is likely to get through the peer review process or not. If the Desk Editor does not believe that the submission is suitable for the aims and scope, standards, and Editorial Board's selection policy of the journal, then the submission will be rejected at the front stage. Currently only about 20% of our submissions pass this hurdle. If the Desk Editor finds that the submission is suitable for the aims and scope, standards, and Editorial Board's selection policy of the journal then the Desk Editor invites to revise and restructure the manuscript (in **a combined file** based on **The Journal Template attached below**) and resubmit a revised manuscript for further consideration of the Desk Editor. **The submissions we decide to take forward for the peer review process fully need to be well structured, well written, good presentation of English, firmly anchored in existing academic literature, and complete compliance with the journal style guide and template. The same rules will be strictly applied for all new submissions.**

Conformity to the JAFEB Style Guides and Checklist of Manuscript (Very Important Items): In particular, the following must be addressed and met the requirements and guidelines:

- 1. JAFEB Engagement**: If the literature current, relevant, and broad enough to set the context for the research, you should engage with the style and the discussions published in JAFEB. The work in the journal evolved considerably as you can see on [JAFEB Archive](#). To fully contribute to the subject, you will need to engage with JAFEB. To do so: you should **include at least 3 - 5 relevant references in JAFEB**. Your paper should reflect the cutting edge thinking of relevant literature in JAFEB.
- 2. Abstract**: Abstract must adhere to the following: A concise and factual abstract is required. **Please rewrite abstract** to reach **about 200 words** in total for this purpose from **current 156 words** in your case. The abstract should describe the following items in order of: **1) the purpose of the research (The study aims to investigate..., 2) data, materials, and methodology (This study employs samples/survey data/time series data of ...), 3) the results (The results show/reveal that), and 4) major findings (The findings of this study suggest that ..., in an unstructured manner**. An abstract is often presented separately from the article, so it must be able to stand alone.
- 3. JEL Classification Code**: **Please provide 3- 5 JEL classification codes, separated by comma (,)**
- 4. Tables and Figures**: **JAFEB accepts Tables/Figures created by the author's own work only. Number Tables/Figures consecutively in accordance with their appearance and their indication in the main text. Make sure to provide much details of the Table (of hypothesis test results) with coefficient information, t-statistics, and significance symbol**, for example: [Note: *, p-value < 0.1; **, p-value < 0.05; ***, p-value < 0.001. Significant at the 0.05 level]. **Tables must be adjustable. Avoid vertical rules. Extremely large tables that take more than one page print are NOT acceptable**. Be sparing in the use of tables and ensure that the data presented in tables do not duplicate results described elsewhere in the article. A paper in JAFEB from now on may include **a maximum of six (6) tables/figures/appendixes in total**.
- 5. Citation and Reference Style Guides**: Authors are expected to **adhere to the guidelines of APA 6th or 7th edition (American Psychological Association)**. Please provide full information of publications complying with the APA citation and reference styles. **Please ensure that every reference cited in the text is also present in the reference list (and vice versa). If the reference checker (software) finds more than THREE unmatched citations/references, then the manuscript will be automatically rejected by the Executive Editor without further process.**
