Journal of Information Technology

- Implementing Vertical Autoscaling of Virtual Machine (VM) Resources on Proxmox Using Ansible and Prometheus
- A Implementation of Decision Support System Based on Hybrid AHP-SAW Method for Optimizing Tour Package Recommendations in Lombok
- Development (Feer Erdy Warning System for Tidal Flood Disaazer Mitigation in Indonesia
- Optimizing the Selection of Website-Based Thesis Supervisors Using the AHP and TOPSIS Methods
- Design and Implementation of Autoscaling Virtual Machine (VM) on Proxmox Integrated Load Balancing Using Ansibi
- Public Sentiment Analysis Towards Astrazereca Vaccine in Indonesia Using Multimonial Naive Bayes
- User Satisfaction Analysis of the Fingerprint Attendaned System Using the Service Quality Method at PT. Mayasari Bakti
- Property Company Profile Website Implementation (Case Study: Soreang Grande Residence)
- Design and Website Creation to Support Agricultural Waste Precescing into Bioenergy

DAFTAR ISI

Implementing Vertical Autoscaling of Virtual Machine (VM) Resources on Proxmox Using Ansible and Prometheus	
Nima Karunia, I Putu Hariyadi, Khairan Marzuki	(287–293)
A Implementation of Decision Support System Based on Hybrid AHP-SAW Method for Optimizing Tour Package Recommendations in Lombok	
Ula Dian Hatifah, Apriani, I Made Yadi Dharma	(294–299)
Development of an Early Warning System for Tidal Flood Disaster Mitigation in Indonesia	
Iman Permana, Riri Irawati	(300–307)
Optimizing the Selection of Website-Based Thesis Supervisors Using the AHP and TOPSIS Methods	
Ikhsan, Helna Wardhana, Muhammad Azwar	(308–318)
Design and Implementation of Autoscaling Virtual Machine (VM) on Proxmox Integrated Load Balancing Using Ansible	
Justin Irianto, I Putu Hariyadi, Ondi Asroni	(319–325)
Public Sentiment Analysis Towards Astrazeneca Vaccine in Indonesia Using Multinomial Naive Bayes	
Nur Qodariyah Fitriyah, Guruh Wijaya, M. Fadhil Al Hikam Tirta Bayu Aj, Hardian Oktavianto	(326–332)
User Satisfaction Analysis of the Fingerprint Attendance System Using the Service Quality Method at PT. Mayasari Bakti	
Siti Halimah, Yunita, Suwanda Aditya Saputra	(333–339)
Property Company Profile Website Implementation (Case Study: Soreang Grande Residence)	
Widya Fauzi Amelia, Novita Anggraini	(340–349)
Design and Website Creation to Support Agricultural Waste Processing into Bioenergy	
Renaldi Hardiansah, Ratih Dwi Asworowati, Dede Nurrahman, Dede Mustomi, Khoirul Ulum, Gesti Essa Waldhani	(350–359)
