About the Conference

21st International Conference on Frontiers of Information Technology (FIT'24) to be held from December 09 to 10, 2024. COMSATS University, Islamabad (CUI) has been organizing this prestigious event for the last twenty years. Familiarity with technology is mandatory to enable a person to live and to cope with challenges of the modern world and ICT bridges the gap to cope with the said challenges. This conference is a premier forum for the presentation and exchange of experiences and innovative ideas in the field of Information and Communication Technologies.

The conference is annually organized with the principal aim to focus on modern trends pertaining to computer sciences, engineering, and other related areas. The event initially was organized as an international workshop for six years and was then upgraded to an international conference.
